Update No. 1 – August 2014

CAUTION

These updates should only be used for navigation in conjunction with up-to-date charts, chart plotters and Notices to Mariners, etc. We accept no liability for any errors or omissions, or for any accidents or mishaps which may arise from the use of this (or any) update or the original publication.

CHAPTER ONE - THE IONIAN COAST

Setur Çeşme Marina (p.46)

Setur group's Çeşme Marina is located in the bay of Ilıca Koyu, and forms part of the Altın Yunus (Golden Dolphin) hotel & marina complex. There are 180 in-water berths for vessels up to 25m long (stern-to berths) and up to 45m long (side-to berths). The minimum depth in the marina is 4m. As of May 2014 the boatyard here is closed and under construction. It is expected to reopen some time in 2015.

VHF Ch. 73

Çeşme Marina (p.49)

Construction & development of Çeşme Marina is now completed and the marina is open for business. There are 400 in-water berths, for vessels up to 60ft with 6m draft. The boatyard has space for up to 100 boats, and has an 80 ton travel lift plus a 20 ton boat mover. Technical services, including mechanical engineering, electronics, painting, varnishing & carpentry are all available on-site. There is a fuel dock located on the breakwater next to the boatyard & lifting area. Further information is available through the marina website, including details of things to do in the area, location information and a price list.

Port Alaçatı Marina (p.52)

Port Alaçatı Marina is located in the bay of Yumru Koyu at the northern end of the gulf of Alaçatı Körfezi. It forms a part of the Port Alacati Project, which includes the marina, plus the Port Alaçatı hotel, and a residential complex including up-market waterfront properties. The very charming town of Alaçatı is 3km away. The marina itself has 260 in-water berths for vessels up to 35m with a maximum draft of 4m. The boatyard can accommodate up to 100 boats and has a 100 ton travel lift.

Teos Marina (p.55)

Teos Marina opened for business in July 2010. Located in the bay of Sığacık Limanı, and right next to the pleasant town of Sığacık it has become very popular with local boat owners who live in the city of İzmir but want to have

access to the cruising grounds further south, as well as becoming more popular with visiting cruising yachts. The marina has in-water berths for 480 vessels up to 30m in length, and also a hard standing area for up to 80 vessels with a 75 ton travel lift.

Kuşadası Marina (p.57)

Kuşadası Marina is part of the Setur Marina group, and is located in the town & cruise port of Kuşadası. It is popular with Turkish owners as well as cruising yachtsmen, and is a popular spot for liveaboard cruisers to spend the winter. The marina has in-water berths for 450 boats up to 90m and with a maximum depth of 5m. It also has a hardstanding area for up to 150 boats, with an 80 ton travel lift.

VHF Ch. 73

D-Marin Didim Marina (p.62)

Didim Marina is part of the Turkish Doğu Marina group, and has facilities aimed particularly at the superyachts and larger vessels that make it their home base for exploring this section of the coast. The resort town of Altınkum is located nearby, which is the location of Didim Cruise Port. The marina has 580 in-water berths (including 86 superyacht berths), and can accommodate vessels up to 70m in length and 6m draft at stern-to berths on floating pontoons or around the marina wall. They have 70,000 sq metres of hard standing area, with 350 storage sheds to allow work to be done under cover. This is serviced by 2 travel lifts of 75 tons & 400 tons.

CHAPTER TWO - THE CARIAN COAST

Palmarina Yalıkavak (p.80)

Located on the old site of Port Bodrum Marina in Yalıkavak, Palmarina is the project of an Azerbaijani businessman who aims to make it THE destination for superyachts, megayachts and gigayachts in Turkey. The marina has been extensively redeveloped both ashore and afloat, and is now home to designer boutiques as well as fashionably expensive bars & restaurants, and is host to prestigious events such as the Bodrum Cup, the 4th Gant Cup and others. The marina has in-water berths for 450 boats, including 69 berths for megayachts of 40m and above. Ashore there is space for 140 boats of up to 45m. The boatyard is serviced by 2 travel lifts of 100 tons & 250 tons, as well as 2 boat movers of 40 tons & 100 tons.

VHF Ch. 72

D-Marin Turgutreis Marina (p.87)

Turgutreis Marina was the first to open of Doğu Group's 3 marinas in Turkey. It is within walking distance of all the amenities of Turgutreis town and is popular with cruisers, Turkish owners and charter companies. It is also the location of an annual classical music festival (<http://www.dmarinfestival.com/en-ie>). There are 550 in-water berths for yachts up to 30m, either at stern-to berths with lazylines or floating finger pontoons. The hardstanding area has a travel lift of 100 tons, and a boat mover of 40 tons, and has space for around 150 yachts.

VHF Ch. 72

Bodrum Milta Marina (p.96)

Located in the heart of Bodrum town, and overlooked by the iconic Castle of St Peter, Bodrum's Milta Marina is popular and busy, and advance booking is advised. The marina has in-water berths for 450 vessels on floating & fixed pontoons, plus a 70 ton travel lift. The

marina is also the home of the Bodrum Sailing Club (Bodrum Açıkdeniz Yelken Kulübü), who organise a year-round racing programme as well as special events such as the International Women's Cup, various summer events and a winter racing series (www.bayk.org).

Address: Neyzen Tevfik Caddesi No :5, 48400, Bodrum – Türkiye
VHF Ch. 73

CHAPTER THREE - THE DORIAN COAST

Martı Marina (p.135)

This marina has long been a favourite choice for those who appreciate the excellent facilities that are located some distance away from the bustle of larger towns such as Bodrum & Marmaris, and offer easy access to the cruising area of the gulfs of Hisarönü Körfezi & Yeşilova Körfezi. The long-stalled development of the marina hotel has finally been completed, and the luxurious Hemithea boutique hotel is now open in the hillsides surrounding the marina

(<http://martihemitheahotel.com/home>).

Martı Marina has 380 in-water berths with a maximum draft of 20m. Lazyline berths can accommodate yachts up to 50m, but larger yachts up to 100m are able to moor using their own anchor. Ashore there is hardstanding area for up to 100 vessels, and the marina has a 60 ton travel lift. As of May 2014 the marina has applied to be recognised as a port of entry, but as this permission has not been granted yet all entry & exit facilities must be completed at the nearby ports of Datça, Bozburun or Marmaris, although the marina can assist with other formalities such as transit log renewals.

Email: marina@marti.com.tr
Address: Orhaniye Köyü - Keçibükü Mevkii 48700 Marmaris / Muğla / Türkiye
VHF Ch. 73

Marmaris Netsel Marina (p.160)

Netsel Marina is Marmaris's 'city-centre' marina. It is a popular base for several local charter companies, as well

as many privately-owned local & visiting yachts & motor boats. The marina is located within easy walking distance of all the facilities, shops & restaurants of Marmaris town-centre, as well as all the nightlife in the busy & bustling resort town.

The marina has in-water berths for 720 boats up to 90m long and 18m deep, as well as a boatyard with capacity for up to 130 boats, serviced by a 100 ton travel lift and a 30 ton boat lift.

Web: <http://www.netselmarina.com/en/>

Email: info@netselmarina.com
Address: Sarıana mah. M.Münir Elgin Bulvarı No: 38/2, Netsel Marmaris Marina / MUĞLA
VHF Ch. 06

Albatros Marina (p.162)

Albatros Marina is a small private marina in Marmaris bay, that is primarily home to the Offshore Sailing charter company, but also welcomes private yachts. It has space for around 44 yachts in the water, and a boatyard capacity of around 150 yachts. The yard operates 2 lifts of 20 tons and 100 tons, and also has slipways capable of hauling vessels up to 300 tons. The marina is in a peaceful location midway between Marmaris Netsel Marina and Marmaris Yacht Marina, and is a short dolmuş ride from Marmaris centre. The marina does have plans to expand and house up to another 250 boats, but development work has not started and is not scheduled to do so any time soon.

Email: info@albatrosmarina.com
Address: Sarıana Mah. Mustafa Münir Elgin Bul. No: 46, Marmaris, Muğla , Turkey
VHF Ch. 06

Marmaris Yacht Marina (p.163)

Marmaris Yacht Marina is located on the narrow strip of land that connects Yıldız Adası to the mainland, in what is known as Yalancı Boğaz (False or Liar's channel) because although it appears navigable from a distance, in fact it is crossed by a narrow bar that prevents passage. Yacht Marina is one of the largest marinas in Turkey, with 650 in-water berths and an enormous yard that can accommodate over 1,000 boats. The marina operates 3 travel lifts of 50, 70 and 330 tons, and there are several large hangars where work can be carried out under cover.

A dolmuş service runs into town every 20-30 minutes throughout the year, and there are plenty of facilities available on-site, which means that it is not necessary to make the trip every day. This is a very popular spot for liveaboard cruisers during the winter, and there is a full calendar of events organised to pass the colder months.

VHF Ch. 72

CHAPTER FOUR - THE LYCIAN COAST

D-Marin Göcek Marina (p.180)

The Doğu Marina group has now acquired what used to be the Port Göcek Marina and is now Göcek D-Marin on the eastern side of the village. The marina layout is basically unchanged, with protected in-water berthing for 380 vessels up to 80m in length. Their hardstanding area is still on the opposite side of the bay next to the Marinturk Village Port facility, and has space for 150 yachts with a 70 ton travel lift. D-Marina is one of the few marinas in Göcek where vessels can remain in the water year-round.

Web: http://www.d-marin.com/en/our_marinas/d-marin_gocek/overview
Tel: +90 252 645 1520 **Fax:** +90 252 645 1897
Email: gocek@d-marin.com
Address: Cumhuriyet Mh. Camtaş Cd. No: 12 48310 Göcek, Fethiye/Muğla – Turkey
VHF Ch. 73

Marinturk Village Port (p.180)

The Marinturk Village Port Marina is located right in the middle of Göcek bay and has become a popular base for charter yacht companies as well as visiting private and cruising yachts. The Marina can now accommodate up to 215 yachts on its floating jetties, but these are closed during the winter months (November –April) because of a lack of protection from wind & waves coming from the south. The marina also has a hardstanding area that can accommodate around 200 boats, and operates a 75 ton travel lift, a 200 ton travel lift & a 40 ton boat mover. Work has recently resumed on the stalled development of the Rixos hotel & villa accommodation next to the

marina. This is now expected to open during Summer 2014 (<http://www.rixos.com/en/rixos-premium-gocek-suites-villas-hotel>).

Web: <http://www.marinturk.com.tr/en/Port/Index/villageport>

Email: villageport@marinturk.com.tr
Address: Büngüş Koyu Göcek 48310, Fethiye – Muğla, TURKEY
VHF Ch. 73

Marinturk Exclusive Marina (p.180)

The Marinturk Exclusive Marina is designed to cater for superyachts and megayachts of 18m and above, and is located slightly further west from the Village Port in the bay of Poruklu Koyu. Two floating docks extend either side of one of the only swimming beaches in Göcek bay (the other is just east of D-Marina and is also a private facility). The docks are fully shaded along their entire length, and can accommodate up to 100 vessels. There is a courtesy service to Göcek village, and all maintenance & yard work can be organised through the Village Port office.

Web: <http://www.marinturk.com.tr/en/Port/Index/exclusiveport>
Tel: +90 216 999 14 82 **Fax:** +90 252 645 15 78
Email: exclusive@marinturk.com.tr
Address: Poruklu Koyu Göcek 48310, Fethiye – Muğla, TURKEY
VHF Ch. 73

Club Marina (p.180)

Göcek Club Marina is well established in the western end of Göcek Bay and surrounded by pine forest. This sheltered location means that vessels can stay in the water all year round on floating pontoons or concrete jetties. The marina has 225 berths, and can accept vessels up to 95m long and with 7m draft. The marina does not have any boatyard facilities of its own, so haul outs and maintenance work must be organised with external contractors and through other yards in the area. During the summer months the marina operates a courtesy boat service between Club Marina and its sister organization Skopea Marina located in the centre of Göcek village. Timetables are posted at both marinas.

Web: http://clubmarina.com.tr/default_uk.asp?Fid=0
Tel: +90 252 645 1800 **Fax:** +90 252 645 1804

Email: info@clubmarina.com.tr

VHF Ch. 72

Skopea Marina (p.180)

Skopea Marina is a sister operation to Göcek Club Marina, and is located at the western end of Göcek village. The marina can accommodate up to 80 vessels on its single concrete jetty, although it does not have any boatyard facility. The courtesy ferry service to Club Marina departs from the Skopea Marina dock – timetables are posted on the dock and are available at the marina office.

Web: http://www.skopeamarina.com.tr/default_uk.asp?Fid=0

Email: skopeamarina@gmail.com

Address: 48310 Gocek, Fethiye, MUGLA - TURKEY

VHF Ch. 72

Belediye Marina (p.180)

The Göcek Belediye (town authorities) operate their own marina on two concrete jetties that extend from the waterfront towards the eastern end of the village. Berthing is stern-to with lazylines and there is space for around 150 yachts.

Tel: +90 252 645 1938 **Fax:** +90 252 645 1936

VHF Ch. 13

Ece Saray Marina (p.184)

This marina is a part of the Ece Saray hotel & marina resort, which is centrally located within the bay of Fethiye Limanı. The marina has space for 460 vessels up to 60m in length on its floating pontoons, and is located within easy walking distance from the centre of Fethiye town and all its facilities. The marina has no boatyard facilities, so haul outs must be arranged either in Göcek, or with one of the boatyards in the southwestern corner of Fethiye Limanı.

VHF Ch. 73

Kaş Marina (p.194)

Part of the Setur Marinas group, Kaş Marina opened for business in 2010 and is located in the Bucak Denizi bay immediately to the west of Kaş Limanı. The marina is a 10 minute walk from Kaş town, and there are dolmuş buses running approximately every 15 minutes. The marina has 7 floating pontoons protected by a breakwater, and a hardstanding area at the furthest end of the bay. Berthing is stern-to with lazylines on the pontoons, which can accommodate 472 vessels up to 150m with up to 10m draft. The hardstanding area has room for 160 boats and the marina operates a 100 ton travel lift & 45 ton boat moving trailer.

VHF Ch. 73

Finike Marina (p.207)

Setur Finike Marina is well established in the town of Finike, and is a popular place for cruising yachts to spend the winter, as well as being a port of entry and a good location from where to explore local attractions such as the ruins of Myra & church of St Nicholas at Demre, and the natural flame phenomenon of the Chimera at Olympos. The marina has 300 in-water berths and can accommodate vessels up to 50m with draft of 5m. The boatyard has space for a further 150 boats and uses an 80 ton travel lift.
