

Tide Against Wind	Position	Tidal considerations
-------------------	----------	----------------------

Diagram A	1. Start	The fleet may be over the line
	2. Beats	More waves than normal
	3. Windward mark	The fleet may overstand the laylines
	4. Top reach	There will be a big bow to windward
	5. Run	The run (against tide) will take longer
	6. Bottom reach	There will be a big bow to windward
	7. Finish line	Lots of boats at committee boat end

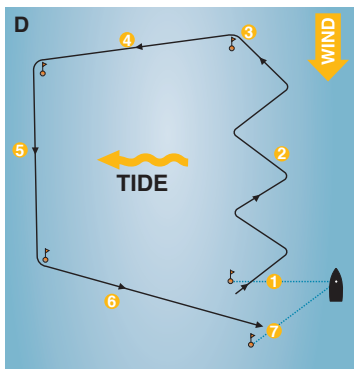

Tide With Wind	Position	Tidal considerations
----------------	----------	----------------------

Diagram B	1. Start	
	2. Beats	
	3. Windward mark	
	4. Top reach	
	5. Run	
	6. Bottom reach	
	7. Finish line	

Going Right	Position	Tidal considerations
-------------	----------	----------------------

Diagram C	1. Start	
	2. Beats	
	3. Windward mark	
	4. Top reach	
	5. Run	
	6. Bottom reach	
	7. Finish line	

Going Left	Position	Tidal considerations
------------	----------	----------------------

Diagram D	1. Start	
	2. Beats	
	3. Windward mark	
	4. Top reach	
	5. Run	
	6. Bottom reach	
	7. Finish line
